## Announcements

**OxyAire of Beverly Hills, Inc.** has created an oxygen system for spas and wellness clinics. The machines are attractive to spa owners, chiropractors, physicians, and wellness clinics because they are light-weight, quiet, and maintenance free.

**Skinvisible, Inc.** has announced that the South Korean patent office has granted a patent for Invisicare<sup>®</sup>, the company's polymer delivery system for topical dermatology products. A total of 20 claims have been granted in the Korean patent which protects Invisicare<sup>®</sup> in the areas of 'Topical Composition', 'Topical Composition Precursor', and 'Methods for Manufacturing and Using'. This is the fifth comprehensive international patent that Skinvisible has received for Invisicare<sup>®</sup> in addition to the four U.S. patents already granted. To date patents have been granted in India, Australia, China, and Japan with a number of technology and product-specific patents pending globally.

**Scandle<sup>®</sup> LLC**, the leading manufacturer and wholesaler of the finest quality massage candles and complimentary spa products, announced an exclusive partnership with **Nailevo S.r.l.** as the distributor of Scandle<sup>®</sup> Massage Candles and Scandle<sup>®</sup> Spa Products in France and Italy

**The Sue Mayborn Women's Center at Metroplex** has joined forces with **Anna D. Rinehart**, facial aesthetics instructor, to develop a comprehensive clinical skin care program for individuals in the Central Texas area. This program provides clients entering the Women's Center at Metroplex a diversified, comprehensive, and personalized clinical skin care program. The program at Metroplex is unique in facial analysis, skin assessments, and the delivery of skin care treatments..

Guests of the elegant Spa at **Talking Stick Resort** in Scottsdale, AZ will be able to indulge themselves with the posh skincare line, **Skin 2 Skin<sup>™</sup> Care** on June 10th, when the spa officially opens its doors.

**Palomar Medical Technologies, Inc.** is pleased to announce that the Palomar SlimLipo body sculpting laser will be featured on **The Dr. Oz Show**.

Effective immediately, **Xtended Beauty** will transition their popular professional lash product line into the new **Reese Robert Beauty Collection**. Reese Robert Beauty will offer the same quality and caliber of products as Xtended Beauty under a new brand name. In addition to strip lashes and professional lash extensions, the Reese Robert Collection will also include professional beauty tools and high quality cosmetic brushes.

**Valeant Pharmaceuticals International** has announced that they have entered into an agreement with **Spears Pharmaceuticals, Inc.** for rights to commercialize Refissa<sup>®</sup>, a prescription-based topical tretinoin cream used to diminish fine wrinkles and fade irregular pigmentation due to sun damage.
