Anthony's Fave Finds

There is a new line out on the market and I am crazy about it! Skin 2 Skin is "Natural & Certified Organic Smart Anti-Aging Skin Care"...and it certainly is. I love their Oatmeal & Pomegranate Face Scrub. It is mild enough not to irritate my skin yet it really seems to deep clean into my pores. Other standout products are the White Tea Anti-Aging Face Wash and the Aging Intervention Night Cream. Trying to "stay young" is not just for the ladies anymore! Bring on the Anti-Aging Products.
