[Skin 2 Skin](#) believes that “beauty at any age is [beauty](#)”. **Ken Simpson**, Founder, President and CEO of Skin 2 Skin has helped many improve the appearance of their skin-giving them the youthful appearance they’ve been longing for.

On Wednesday, I began using the Skin 2 Skin [White Tea Anti-Aging Face Wash](#).

Priced at **\$39.00**, the White-Tea Anti-Aging Face Wash is a natural organic product. The Eco-friendly product also works to remove dirt, and eliminate fine lines and wrinkles. Another plus about the Skin 2 Skin Anti-Aging Face Wash-it’s sulfate free and has a very pleasant smell.

Instantly I noticed how wonderful the foam smelled after applying it to my skin. That can be thanked to its essential oils, **White Tea, Neroli, Jasmine, Orange, Spearmint, Bergamont** and **Lemon**.

As recommended, I’ve used the White-Tea Face Wash both in the morning and before bed. Even though I haven’t noticed any changes yet, one thing I will say-the Skin 2 Skin White Tea Anti-Aging Face Wash has accomplished in making my skin’s texture feel smooth.

Skin 2 Skin

Along with the White Tea Anti-Aging Face Wash, I've also applied the [Skin 2 Skin Neutral Dark Tint Anti-PhotoAging SPF 30](#)(\$68.00). This product is great to use before stepping out of the house. The moisturizer protects your skin from harmful UVB and UVA radiation, which are known to increase the aging process. I applied the moisturizing cream around the important areas of my face, the positives-rubbing it in was fairly easy and mess free. The Neutral Dark Tint Anti-PhotoAging SPF 30 contains **Shea Butter, Coconut** and **Jojoba Oil**.

Hopefully as time progresses, I will be able to share with you all my results in using the **White-Tea Anti-Aging Face Wash** & the **Neutral Dark Tint Anti-Aging Photoaging SPF 30** . In the meantime, visit skin2skincare.com for more information on both products.
