**SKIN 2 SKIN™ CARE ANTI-WRINKLE NIGHT
RECOVERY CREAM NAMED DAYSPA'S EDITOR'S PICK**

Palm Springs, CA – October 2009 – December 2009 marks Dayspa Magazine's Editor's Pick issue, where members of the Dayspa editorial team choose standout products they've come across throughout the year. **Skin 2 Skin™ Care's** innovative **Anti-Wrinkle Night Recovery Cream** has been awarded as a must-have of 2009.

Skin 2 Skin Care, a line of skin care options, which garners the power of all-natural and certified organic ingredients, peptides and essential oils to fight fine lines, wrinkles and sun damage, has been recognized by beauty industry leaders as a top-notch skincare collection throughout its first year on the market. But it is Dayspa Magazine that has awarded the Anti-Wrinkle Night Recovery Cream with the coveted Editor's Choice Award.

Through careful testing and review, Dayspa's editorial team chose Anti-Wrinkle Night Recovery Cream as a top skincare pick, because this moisturizing nightly treatment features the very latest in peptide anti-wrinkle technology and dramatically reduces the appearance of fine lines and wrinkles.

The advanced anti-aging formulation is infused with Dermaxyl and Eukarion 134, both age-defying peptides that encourage healthy skin growth and while protecting the skin from UV radiation. Using the maximum percentage recommended by science, Dermaxyl and Eukarion 134 are known to repair the signs of photodamage and encourage collagen growth by effectively smoothing out fine lines and wrinkles.

Skin 2 Skin Care's Anti-Wrinkle Night Recovery has a suggested retail price of \$78.
