## Review: Skin 2 Skin Care White Tea Face Wash

I was a little skeptical when I heard about a face wash that could double as an eye makeup remover. I was pleasantly surprised to find that it served both purposes quite well. Below is my full review for this innovative product: [Skin 2 Skin Care White Tea Face Wash](#).

### Pros:

- Gentle cleanser suitable for multiple skin types
- Reduced my blemishes with daily use
- Light, pleasant fragrance
- Gentle tightening effect
- Doubles as a non-irritating eye makeup remover
- Can also double as a shaving cream

### Cons:

- Limited availability in retail locations

### Summary:

This product performed well in general. It seemed very gentle and suitable even for those with sensitive skin. However, I might recommend a different product for those with oily or acne-prone skin. The [White Tea Face Wash](#) is relatively expensive (\$35 a bottle) unless you consider it a two-for-one face wash/eye makeup remover. I'd recommend it for those who want a no-fuss face wash/makeup remover and have sensitive, normal, or dry skin.
